

Course Title: 5/6 Grade Readers' Theater

**Description:**

This course will boost reading fluency, comprehension, and confidence while students perform scripts with expression. Students will not memorize but rather focus on voice and emotion rather than props and costumes. Students will practice repeated reading, improve vocabulary, build teamwork, and make reading more purposeful and enjoyable. Readers' Theatre is a great way to enhance reading skills, but this course would not be suitable for a student reading below a 5<sup>th</sup> grade level.
