

Course Title: Math 6

Description:

This course is a precursor math course for fifth and sixth grade students before taking Math Fundamentals. Students will build on the mathematical foundations of multiplication, division, and place value, and to develop the student's understanding of geometry, fractions, decimals, ratios, and measurements. Students read and interpret a variety of graphs and charts. Student will work directly in a consumable text which is included in the tuition cost of the class. Additional topics covered will include the four math operations, problem solving, decimals, graphing, fractions, using calculators, and some geometry.

Recommended Grades: 5+

Prerequisites: Readiness for classroom math teaching with homework

Tuesdays 8:30 – 10:00 AM; 32 weeks

Minimum 6 students required to start

Textbook: Provided

Math 6, BJU Press

Teacher:

Dorann Simmons; Contact Bellevue Tutorial, 901-347-5518, tutorial@bellevue.org

Cost:

\$420 – includes consumable worktext
