

Week of March 26: Feeding the Five Thousand
Matthew 14:13–21

ASK interactive questions.

1. Why do you think the disciples told Jesus to send all the people away when they were hungry?
2. Would you have offered your food to Jesus like the boy gave Jesus his five loaves and two fish to Him? Why or why not?
3. How can our family help another family that needs help?

BRING your understanding.

Share one thing you learned about Jesus feeding the 5,000 from your adult Life Group lesson.

CREATE fun experiences.

Activity: Make a Meal Together

Supplies: Food preparation supplies

Involve your children in making one meal this week. Give them opportunities to help with gathering the food, stirring, mixing, etc. Ensure all activities are age-appropriate for their maturity level. As you're making the food with your children, talk with them about how Jesus ministered to people by providing food for them. When you provide food for someone, it not only meets a physical need but also reminds the other person they are loved. Ask your children if there is someone in their lives that your family can provide a meal for.

Afterward, be sure to involve your children in making and delivering the food for the other family you decided to bless.
