Activity: Sink or Float

Supplies: Various items from around your house, a bucket, and water

Before the activity, take multiple items from around your house and place them on your table. Fill a bucket with water, and place it on your table. Before you place each item in the water, ask your family members if they think the item will sink or float. Whoever guesses correctly receives one point. Drop each item in the water, and the person with the most points at the end of the activity is the winner. Tell your family that it was impossible for Peter to walk on water. However, because Peter was willing to obey Jesus, Jesus gave Peter the ability to do something impossible.
