

# Beach WEEK

June 24- 28

## Prayer Guide

Beach Week is going to be an incredible week of fun and relaxation! However, the main reason we take students to camp is so they will have a personal encounter with God.

Please use this guide to pray for our students as they prepare for camp. The success of Beach Week does not rest solely in planning and preparation, but in the time spent in prayer by people who care for these students.

Please read each passage and pray for our students to:

### THE WEEK OF CAMP:

Pray for safety while traveling and for students to be open to living lives that are deeply rooted in their faith.

Ask God to soften the hearts of any student who is not open to His Truth and to reveal His Truth to every student and leader.

Pray for students to be alert and focused during the messages and for them to find freedom from self-preservation.

Ask God to strengthen the students to live and love like Jesus and to help them obey God's word with courage.

Pray for safety while traveling.
