

# THE ONE YEAR PLAN FOR DISCIPLE MAKING

## Part One: Gaining Perspective

The first part of the journey centers on Jesus' strategy of ministry, making disciples.

-Robert Coleman*

Disciple making is the work of an individual believer with other believers that **should not cease until the world has been reached with the gospel.**"**

-Bill Street

**"Any discussion of disciple making that does not include the **imperative of winning souls to Christ** both at home and abroad is not being faithful to the Word of God. Disciple making without the imperative of soul winning is not New Testament Christianity."**

-Steve Gaines

### Part Three: Walking in Freedom

The third part of the disciple making journey looks at the disciple becoming a person who walks in freedom.

*"Some may look at this disciple making process and say the cost is too high, too much is being asked. Meeting weekly for a year, memorizing Scripture, and reading a few books pales in significance to the true cost of **what Jesus describes as discipleship.**"*
