

serve out PATHWAYS

Bellevue's Serve Out Pathways provide a specific path for ministry where each member can use his or her gifts to reach our city. Each partnership is identified as one of our four community pillars: Churches, Parachurch Organizations, Education, or Economic Development. As we invest in these four pillars, we believe God will make Bellevue and our partners a catalyst for spiritual awakening in Memphis and beyond.

CHURCH

Reach Memphis by partnering with churches in the area who are on mission to take the Gospel to their communities.

PARACHURCH

Work alongside parachurch ministries in Memphis—faith-based organizations that are meeting physical needs in our city as they share the love of Christ.

EDUCATION

Minister to students and families as you Serve Out in schools and through after-school activities.

ECONOMIC DEVELOPMENT

Discover ways your ministry in the community can have a long-term impact on areas of the city overcoming generational poverty.

Go online to discover the opportunities available for you to Serve Out alongside our partners in these four categories.
