Course Title: Algebra 1 MUS (Math U See)

Description:
In this 32 week course, students will learn and practice specific algebra skills in a logical, systematic sequence to help students learn how to solve math problems and discover why they are solved in that method. Topics covered will include graphing, simultaneous equations, exponents, polynomials, and solving for an unknown with one variable. The Algebra 1 MUS course will utilize the popular and built for homeschool Math-U-See curriculum in addition to instructor-provided supplemental material to reinforce specific topics and traditionally difficult concepts. Upon completion of this course, students will be prepared to advance to Geometry or Algebra 2.

Recommended Grades: 8+
Prerequisites: Pre-algebra or equivalent

Tuesdays 12:20 – 1:50 PM – Starting August 4; 32 weeks
Minimum 6 students required to start

About the teacher:
Leigh Ann has a Bachelor of Science in Education from Memphis State University (U of M) with endorsements to teach math, computer programming, and business. She has taught every level of math from sixth grade to Calculus, as well as accounting and programming in both the private school and homeschool setting. With over 25 years of teaching experience, this is her fourteenth year teaching homeschool students. Mrs. Quick has been a member of Bellevue Baptist Church for 35 years and has been teaching and serving in their Preschool Ministry for almost 20 years.
