

**Course Title: Algebra 2****Description:**

This course, designed for students who have completed Algebra 1, will provide one high school math credit. Topics covered will include quadratic equations, polynomials, complex numbers, multivariable equations and analytical geometry. Students will learn to work with the imaginary number system and solve algebraic functions. Upon completion of this course, students will be prepared to advance to precalculus.

The Algebra 2 course will utilize the popular and built for homeschool Math-U-See curriculum in addition to instructor-provided supplemental material to reinforce specific topics and traditionally difficult concepts.

Recommended Grades: 10+

Prerequisites: Algebra 1 and Geometry

Tuesdays 10:10-11:40 AM – Starting August 6; 32 weeks

Minimum 6 students required to start

Textbook: (provided on loan)

Algebra 2 Instruction, Math-U-See

Other required materials:

Math-U-See Algebra 2 Student Workbook

Teacher:

Leigh Ann Quick; Contact Bellevue Tutorial, 901-347-5518, tutorial@bellevue.org

Cost:

\$395 tuition (32 weeks)

No other fees

About the teacher:

Leigh Ann has a Bachelor of Science in Education from Memphis State University (U of M) with endorsements to teach math, computer programming, and business. She has taught every level of math from sixth grade to Calculus, as well as accounting and programming in both the private school and homeschool setting. With over 25 years of teaching experience, this is her fourteenth year teaching homeschool students. Mrs. Quick has been a member of Bellevue Baptist Church for 35 years and has been teaching and serving in their Preschool Ministry for almost 20 years.
